ADVICE TO PARENTS

A child's religious and moral development is highly dependent on the environment that he or she is in, and on the observation of things happening around him or her. The primary place for implementation and practice of whatever a child learns at Madrasah is at home.

If a child finds himself or herself in an environment where the moral principles of Islam are being violated, or the child is discouraged from practicing on what he or she has learnt, then the child will become confused, and in many cases he or she will disregard or view this as inferior, the beliefs and tenants of Islam.

In this way, without realising the consequences, we become the greatest obstacle and hinderance in the path of the religious and spiritual success of our children.

Each parent is humbly requested to consider and to observe the '**Code of Conduct**' of the Madrasah, giving them the consideration and value they deserve, so that we are seen to be the protectors of faith by our children, and not its adversaries.

We hope and pray that you will recognise the importance of this issue and work with us to create a prosperous and religious future for our children.

WE AIM TO: 'REVIVE THE YOUTHS' DEEN, AND TO ENGENDER A GREATER UNDERSTANDING OF ISLAM'.

RESPONSIBILITY OF AL-HUDA ACADEMY

- To treat each individual child as our own child.
- To provide the best religious, spiritual, and moral education to each child.

These objectives can only be fully accomplished if there is mutual understanding of responsibilities and co-operation between teachers, parents, and children alike.
